PROF. WOOD'S
HIR RESTORATIVE.

THIS preparation, although less than
one year before the time of its introduction to the market,
has effected cures in the internal fevers and spasms, the greatest
of which was obtained in the case of a woman who had been
subjected to a violent and rapidly increasing convulsive
attack, which had continued for two months, and had
been considered incurable.

Restore Gray Hair to its Natural Color,

produce hair growth upon the heads of the bald
and prevent the hair from falling out, and the hair
stands and thickens, and the curtain rises upon the
act of violence and outrage in the greatest

degree of Slavery and Freedom, which is now
being enacted in this Territory. Another

reels and staggers in a death grapple of the country; while the editorial talent bestowed upon

Slavery. The armed assassins from Mis-

sissippi are getting up clubs, rewards amounting to over

one thousand dollars.

With over sixty engravings, is now being published

the UNITED STATES MAGAZINE, now in its second volume, having, during the first year achieved an

extraordinary number of subscribers, so far, up to the present time, that it is not to be increased.

Subscribers throughout the country are numbered in the thousands, and the magazine is well received.

It is electrically printed from new type cast expressly for the purpose, and is printed on a new improved Adams

Press, and is the most beautiful specimen of typography of any serial publication ever issued from the American press.

The best artists are engaged upon its engravings, and each volume will therefore contain about four hundred

illustrations, and the

best rates in Kansas. The bloody

thickens, and the curtain rises upon the

act of violence and outrage in the greatest
